## PAINTSVILLE INDEPENDENT BOARD OF EDUCATION NATIONAL SCHOOL LUNCH AND BREAKFAST PROGRAMS STUDENT MEAL CHARGE & ADULT ACCOUNT POLICY

### Students:

Charges are for emergency use only. Students who have forgotten or lost money identified for meal transactions may charge meals in the cafeteria. Charges are designed to cover situations that may arise due to parent or student error which result in the lack of funds available to purchase breakfast and/or lunch through the school food service program. A limit of three (3) meal charges are permissible. After a student account incurs a third charge, correspondence will be provided to the parent/guardian to reflect the maximum charge status and request prompt payment. Under no circumstances may a la carte items be charged.

If extenuating circumstances exist and additional arrangements needed, a parent/guardian should contact the Food Service Director to discuss the matter.

### Adults:

Adults are encouraged to establish an account in the **Nutrikids** POS System and deposit funds. Meal charges and accounts with negative balance are not permissible.
